<b>FIELD GRADE FINISH</b>						
Rust and old bluing removed; gun blued as is (pits, scratches, etc. not removed).						
<b>FIELD GRADE MATTE FINISH</b>						
Rust and old bluing removed by glass bead blasting; gun blued as is (pits, scratches, etc. not removed) with a matte finish.						
PLEASE NOTE THAT THE MATTE FINISHES ARE DULL, NON-REFLECTIVE FINISHES						
<b>PREMIUM MATTE FINISH</b>						
Rust and old bluing removed; pits, scratches, etc. removed*; followed by glass bead blasting to a matte finish prior to bluing						
<b>SATIN FINISH</b>						
Rust and old bluing removed; pits, scratches, etc. removed*; gun polished to satin finish prior to bluing. NOTE: This is our standard finish and is equal to most new firearm blued finishes. If another finish is not specified, guns will receive the Satin Finish.						
<b>SATIN PLUS FINISH</b>						
Rust and old bluing removed; pits, scratches, etc. removed*; gun polished to a satin finish, followed by additional polishing to a higher gloss with the same type of polish used for the Mirror Finish, but without removing all previous polishing marks.
